Monthly Revenue Release Agency of Administration June 13, 2022

Montpelier, VT - Secretary of Administration Kristin Clouser releases Vermont's revenue results for May 2022. General Fund and Education Fund revenues came in above target for the month while Transportation Fund revenue came in slightly below target. Fiscal year-to-date, General Fund and Education Fund revenues are comfortably above target while the Transportation Fund is slightly behind.

Revenue collections for the month of May 2022 have been compiled. The State's General Fund, Transportation Fund, and Education Fund receipts in May were a combined \$206.3 million, or 17.3%, above upwardly revised monthly consensus expectations. Cumulative revenues stand at 7.4% above revised consensus expectations through the 11th month of the state's fiscal year.

General Fund revenues collected for the month totaled \$128.1 million, \$26.9 million above the monthly consensus cash flow revenue target. Fiscal year to date, General Fund revenues were \$1,912.6 million, exceeding their target by \$185.3 million or 10.7%. The May numbers were driven by the same forces as previous months: a strong performance of receipts in the Personal Income Tax and revenues in the Corporate Income Tax. With the minor exception of the Estate Tax, which has lagged all fiscal year, every category contributing to General Fund revenue came in above target in May.

Revenues into the Transportation Fund slightly lagged monthly consensus expectations, bringing in \$26.39 million in May, only a hair below the consensus cash flow target estimate of \$26.41 million. Fiscal year-to-date, the T-Fund brought in \$260.4 million, which was \$4.1 million or 1.5% below the consensus cash flow target. Revenues for the month in the T-Fund were mixed, with a small, better than expected, performance in Motor Vehicle Fees, off-set by small underperformances in the others. The overall negative receipts performance of the T-fund appears, at least in part, to be a reflection of the high price of fuels.

The Education Fund revenues were \$3.5 million, or 7.3%, above the monthly consensus cash flow target, having collected \$51.9 million in April. Year to date, the Ed Fund received \$618.5 million, which is 1.8% higher than the consensus cash flow target. Among the major components of the Ed Fund, the generally upbeat character to receipts activity last month continued to be paced by strong revenues in the Sales and Use Tax and the Meals and Rooms Tax. A couple of downside misses in smaller categories of receipts were not enough to prevent the Ed Fund from adding to its cumulative bottom-line ahead of consensus expectations totals.

The three major state funds are a combined \$206.3 million ahead of consensus revenue estimates heading into the final month of the fiscal year. According to Administration Secretary Clouser: "With only one month left in the fiscal year, we can anticipate ending the year in excellent financial shape. As much as these results are positive for the rest of fiscal year 2022, the economic outlook continues to be clouded with risk for a downturn in the economy and the negative implications that may have for future State revenue collections. This will require our full attention as we develop the budget this fall."
